

CONTRACT TABLES

Design: AlbaComponents

Medium tables

High tables

Coffee tables

Una collezione di tavoli ideale per ogni spazio, grazie alla versatilità assicurata dalla sua ampia gamma di formati e dimensioni. Molteplici sono anche le finiture disponibili per i piani e per le strutture in metallo.

An ideal table collection for any space, thanks to the versatility provided by its wide range of formats and sizes. There are also numerous finishes available for the table-tops and for the metal structures.

MEDIUM TABLES

I tavoli medi sono ideali per l'arredo di ristoranti o strutture ricettive, ma anche di ambienti domestici. Sono disponibili con basi, colonne e piani in HPL a sezione quadrata o tonda. La gamma comprende anche una versione con base rettangolare a doppia colonna.

The medium tables are ideal for furnishing restaurants or hospitality facilities, but also in domestic settings. They are available with square or round bases, columns and HPL tabletops. The range also includes a version with a rectangular base and double column.

HIGH TABLES

I tavoli alti sono proposti con basi e colonne a sezione quadrata o tonda, abbinabili a piani in HPL di diverse dimensioni e forme. Inoltre è disponibile una versione con base rettangolare a doppia colonna. Il design versatile e la praticità della struttura a colonna centrale, rendono questa versione perfetta per completare l'arredo di pub, bar e caffetterie.

The high tables are offered with square or round bases and columns, which can be combined with HPL tabletops of different sizes and shapes. A version with a rectangular base and double column is also available. The versatile design and the practicality of the central column structure make this version perfect for completing the furnishing of pubs, bars and cafés.

COFFEE TABLES

I tavoli, nel loro formato più basso, vantano dimensioni compatte e una praticità d'uso che consente di collocarli ovunque, con differenti finalità d'uso. Questa versione è disponibile con basi e colonne a sezione quadrata o tonda, abbinabili a piani in HPL di diverse dimensioni, quadrati o tondi. La gamma comprende anche una versione con base in tondino metallico.

The tables, in their lowest format, boast compact dimensions and a practicality of use that allows them to be placed anywhere, for different purposes. This version is available with square or round bases and columns, which can be combined with HPL tabletops of different sizes, square or round. The range also includes a version with a metal rod base.
